Hqs.

Attached are the EOD numbers which you requested yesterday. Detailed breakdowns for FY 64-FY 66 would require a lot of work which I think you do not really want. The subsequent fiscal years give you representative spreads. Please note that the CT numbers are included within the professional numbers. Also the technical category is intended to cover TSD and related types. The Commo category covers Commo technical types and the clerical category covers largely GS-6 and below clerical personnel.
